**“Let us plan your next Music Tour”**

MUSIC FESTIVALS AND TOURS begins its 31st year as North America’s leader in offering the finest, most affordable festivals, tours and special events for high school, junior high and middle school choirs, bands and orchestras. Many directors wish to travel and expose their students to rewarding musical experiences but do not want to be part of a festival or competition. The educational value offered to the student in traveling with a group is an invaluable tool in assisting the student towards maturity and leadership within his/her own community. Over the past thirty years, we have worked with thousands of performing groups just like yours in arranging hotel accommodations, meals, sightseeing, performances and transportation to and from locations across the U.S., Canada and Europe. Here’s why directors choose MUSIC FESTIVALS AND TOURS:

- We work closely with you, the director
- Itineraries customized to your specifications and budget
- No time or money wasted on activities of no interest to your group
- A full-service Group Transportation Department to assist with your travel arrangements and to determine the best means of travel
- A two-hour clinic by a member of our clinician staff — at NO additional charge
- We handle student groups exclusively. Our professionally trained and experienced staff will take care of every detail to ensure a trouble-free trip. We will develop a complete itinerary customized to your specifications and budget.

Please give us a call and let us help you make your 2017 Music Tour an experience your students will remember for a lifetime.

## WORKSHOPS

### VOCAL WORKSHOP

This master class will teach the members of your vocal ensemble how to protect their voices while optimizing their vocal potential. In addition to offering breathing and warm-up exercises, our instructor can tweak a selection from your choir's current or past repertoire. Learn vocal technique, song interpretation and musical theatre acting with a musical director and Broadway performer.

### BAND/ORCHESTRA WORKSHOP

This master class, led by a conductor or assistant conductor from a Broadway show or local university, will enable your orchestra or concert band to enhance its musicianship. To take maximum advantage of this opportunity, we suggest that you select from your repertoire one or two favorite pieces. Our conductor will rehearse the pieces with your ensemble to provide a fresh perspective. At the end, the conductor will talk about playing in a Broadway orchestra and what a conductor looks for when auditioning Broadway musicians.

### MEET THE ARTIST

Your students are provided with the opportunity to talk one-on-one with 1-2 Broadway professionals about their journey to Broadway. An interactive question and answer session provides the chance to explore the vast opportunities, pitfalls and thrills of the profession.

### BACKSTAGE TOURS

Take a tour backstage of one of the popular Broadway Theaters, Carnegie Hall, Lincoln Center or Radio City Music Hall. Learn about everything that takes place in producing a performance in one of these iconic venues.

### DANCE WORKSHOP

Led by a dance captain or featured dancer, your students will learn choreography from a hit Broadway show. Your workshop can be customized to feature the dancing in the show your students have seen, for example, Aladdin's "Arabian Nights." Then, in addition to learning about the life of a Broadway dancer, the students can participate in a mock Broadway show audition.
